FINDING SITES FOR TEMPORARY OR LONG TERM TRADING IN HIGH FOOTFALL VENUES IS EASIER THAN YOU THINK.

KIEHLS ON WHEELS AT BROADGATE

**SPACEANDPEOPLE ARE EUROPE'S
LEADING RETAIL AND MEDIA SPECIALISTS,
HELPING BUSINESSES PROMOTE TO OVER
45 MILLION PEOPLE PER WEEK IN OVER
350 VENUES.**

SpaceandPeople has the largest number of spaces within high footfall locations throughout the UK for retailers to book.

With access to our exclusive venues, you can work with your own dedicated account manager to make your route to market as straightforward as possible.

The range of venues you can trade from on a temporary basis (with flexible lease periods) is vast and can seem daunting. The good news is that there are multiple opportunities available in a wide range of indoor and outdoor UK venues to meet all budgets with expert advice available to find the right venues.

We have a selection of internal and external opportunities for retailers in shopping centres, retail parks, railway stations and garden centres. These venues are interested in new and innovative traders as well as established brands looking to expand their business.

RAISING THE BAR IN RETAIL

We work closely with retailers to ensure their display and offering is in line with venues expectations as well as finding your perfect target audience to make your business thrive. From a traditional stand to a modest kiosk, we are looking for high quality and innovative retailers like you!

LOVE SESAME AT THE GLADES, BROMLEY

SPACE AND PEOPLE HAVE OPPORTUNITIES IN...

PREMIUM AND OUTDOOR SHOPPING CENTRES

Destination shopping centres attract a wide catchment of visitors – people don't just come to shop, but to eat, socialise and generally enjoy themselves. Dwell time is high and visitors are looking for new and quirky catering and retail options. The venues themselves are always interested in offerings that differ from their inline retailers and will encourage shoppers to stay at the venue for longer. Many premium and outdoor shopping malls are now actively encouraging street food vendors on a rotational basis to their venue.

We are always interested in speaking to traders with Traditional authentic food and retail stalls to new and innovative kiosks such as; high-end converted vintage vans, and shipping containers looking to trade in these prime locations.

REGIONAL SHOPPING CENTRES

The demographics of a regional shopping centre can vary dramatically, therefore the venue requirements can differ. Broadly speaking, venues are looking for offerings to complement the existing retail mix in both internal and external locations.

More niche offerings, such as Kiddie's cars and children's rides for those looking to entertain the kids, in addition to contemporary beauty and grooming services are typically well received.

RETAIL/SHOPPING PARKS

Outdoor shopping parks benefit from convenient access, free parking and have developed over recent years to be more fashion and entertainment led than they were previously.

We provide the opportunity for companies to promote and retail across some of the largest outdoor shopping park portfolios in the country. Activities typically include outdoor brand promotions, car placements and longer term opportunities for food and beverage operators as well as services such as beauty, clothing recycling and car repair.

GARDEN CENTRES

Visitors to garden centres tend to have high disposable income and venues are seeking a variety of alternative offerings to complement their current inline offerings

NICHE OPPORTUNITIES

Many venues host specific events including street food fairs, student nights, seasonal events, summer fairs and Christmas markets with locations such as Broadgate offering cutting-edge street food operators a unique platform to trade from.
